

# in the Kitchen

## What can I recycle?

Metal Beverage  
& Food Cans

Plastic Beverage Bottles  
& Food Containers

Glass Beverage  
& Food Bottles

Cardboard  
& Paperboard

### Recycling right in the kitchen:

To maximize recycling rates, help minimize contamination in your recycling bin. To help increase recycling rates:

♻️ empty and rinse food containers   ♻️ empty all liquid from beverage containers   ♻️ only recycle dry paper/cardboard

### DO NOT PLACE IN YOUR CURBSIDE RECYCLING

food waste - polystyrene foam - dirty paper towels/tissues - mirrored & window glass - crystal - ceramics - heat-resistant glass
