Please note: Convenience fees will not be applied to personal debit cards – our payment systems can distinguish debit from credit and will not process the fee.

When do I put my trash and recycling out?

Please be sure to have your materials out for pick up **THE NIGHT BEFORE** your service day. For Action NYC customers, your pick-up runs overnight. The morning of your pick-up is considered to be your pick-up day. For example, if your containers/agreement reads “Tuesday” pick-up, you should put your waste & recycling out Monday evening. Your route will begin on Monday evening (7pm) and will run until Tuesday Morning (7am). We consider this a Tuesday pick-up.

When do your collection routes run?

Action routes in New York City run overnight between the hours of 7:00pm – 7:00am.

What items are included in single stream recycling bags?

We accept plastic bottles & jugs, aluminum & steel cans, newspaper, cardboard, and paper.
We can NOT accept, plastic bags, hazardous or electronic waste, medical sharps, glass, or Styrofoam.

How do I prepare my cardboard and single stream recycling for pickup?

Cardboard must be tied and bundled. Please note, we do not accept cardboard in plastic bags.
All other single stream recycling must be in clear or transparent bags.

Do I have to hire a carting service for waste & recycling?

According to NYC regulations (AC16-116 b), businesses can either contract with a private carter for waste and recycling collection or obtain a "Self-Hauler" registration from the Business Integrity Commission and transport the refuse in a vehicle with commercial license plates. To avoid a violation or fine, post your carter's decal and schedule in your window, and keep a copy of your contract or receipt at your business. Merchants that transport their refuse personally must post their Business Integrity Commission Self-Hauler registration.

Does my business have to recycle?

Yes, per Rules of the City of New York 1-10, all businesses in NYC must recycle metal, glass, plastic, beverage cartons, paper, and cardboard. Some businesses are also required to recycle organics and construction waste.
