

How you & your neighbors can Reduce, Reuse, & Recycle!

By following a few simple sustainability tips, you can make a big impact on the community and our environment. Your efforts help to save raw materials, energy and space in landfills.

Together we can reduce the trash collected and sent to the landfill and increase our community's recycling rate!

REDUCE

35

MILLION TONS
food waste goes to
landfills annually

Compost to reduce waste to landfills.

Composting can be a fun family project that helps reduce your waste and can improve the soil quality in your landscape and garden.

Vegetable &
Fruit Scraps

Organic Food Waste
Coffee Grounds, Tea Bags
& Egg Shells

Yard Waste &
Plant Trimmings

REUSE

18

POUNDS PER DAY
trash the American
family produces

Use & reuse household items.

Give products new life by selling or donating, creating craft projects, and buying reusable products.

Donate or Sell
Gently Used Items

Reuse Containers & Jars
to Store Household
& Office Items

Opt for Reusable Bags,
Containers & Bottles

RECYCLE

2.5

MILLION BOTTLES
plastic bottles thrown
away each year

Household items to always recycle.

Always recycle plastic bottles/containers, metal cans, paper and cardboard. Make recycling in your home easy by keeping a recycling bin next to your garbage can in the kitchen.

Metal Beverage
& Food Cans

Plastic Beverage Bottles
& Food Containers

Cardboard
& Paperboard

Paper, Newspaper,
Magazines & Catalogs
